

Reception Class Home Learning Activities

Week beginning 1st June 2020

Please find below some home learning activities that you could try this week.

- www.phonicsplay.co.uk is a site the children are very familiar with from our phonics teaching. At the moment it is free for parents to use. Just use the following username and password **march20** **home**. Click on the Resources tab at the top. Any phase 2 or phase 3 work is appropriate
- <https://www.thenational.academy/online-classroom/reception#schedule> Here you will find 3 lessons per day in Maths, English and Foundation (Topic).

Thank you for handing in Purple Mash activities and playing the games set. I will continue to update them when I can see some of you have had a go. If you have any questions please email me via the Purple Mash website and I will get back to you.

Have a lovely week everyone Mrs Ives 😊

Some other ideas for this week

Other areas

Take a trip to the park and look at the plants, insects and animals. Can you name any?

How many different types of technology can you spot when you're out and about? (such as traffic lights, pedestrian crossings and digital signs)

Set yourself a challenge. Can you

- Do 10 star jumps?
- Throw and catch a ball 10 times?
- Hop across the room?
- Run on the spot for 2 minutes?

Maths

There are some great Maths activities for each day on the White Rose Maths website

<https://whiterosemaths.com/homelearning/early-years/>

Choose 20 blocks and build a model. Can you use the same blocks to build a different model?

Go on a shape search. Look around your home to see how many 2D and 3D shapes you can find. Can you name them? Record how many you find on a piece of paper.

Reading and Writing

Don't forget to watch the Ruth Miskin Read Write Inc sessions on Youtube. Check our Facebook page for details. We will be using this programme in school from September.

Share rhymes, songs, books and stories. Talk about what is happening in the stories or rhymes. With a familiar rhyme or book, stop suddenly and ask your child to continue or 'accidentally' get the word wrong and see if your child corrects you!

Read the digraphs below and write words that contain each sound

igh ow er ar
sh ch zz th

Can you look in a book and find any of these tricky words? Which word did you spot the most times?

the to no he she
you was are my
